### Tecnam's exceptional summer 2015 delivery season

Tecnam today announced a major upgrade in its aeroplane delivery process and service with the development of a new Tecnam Visitor and Delivery centre and its Capua, Italy production facility.

In the last three months (Q32015) Tecnam delivered a remarkable 32 aeroplanes, including;

12 high wing aeroplanes (both Tecnam P2008, P92),  
11 low wing aeroplanes (Astore and P2002),  
7 P2006T Twin's,  
and 2 Tecnam P2010 four seaters.

Many Tecnam customers (especially those based in Europe) personally collected their aeroplanes directly from Capua, with others being shipped direct to a number of worldwide destinations including Argentina, China, New Zealand, Philippines, Turkey and the USA.

With more and more potential customers visiting Tecnam Capua production facility, Tecnam decision to significantly upgrade its Visitor and Delivery Centre is aimed to ensure a continual emphasis on customer satisfaction and quality. Facilities such as a new build cafeteria and other enhancements are aimed at ensuring Tecnam customers have the most enjoyable, productive and rewarding visit to Capua.

"Quality and service are at the very heart of everything we do at Tecnam" said Paolo Pascale, Tecnam's Managing Director. "We are extremely proud that so many of our customers take time to visit us and then take delivery of their new Tecnam aeroplanes direct from Capua, we really welcome the opportunity to offer a such personal service and support".

***TECNAM traces its roots back to the activities of the Italian brothers Luigi and Giovanni Pascale, who developed and produced innovative aircraft soon after the end of WWII (1948) and have continued ever since to create original models that gained worldwide recognition under the name Partenavia. Established in March 1986, Costruzioni Aeronautiche TECNAM now operates in three production facilities. The Casoria facility is located adjacent to Naples Capodichino Airport. The Capua facility is located adjacent to the “Oreste Salomone” Airport. Recently a new facility was established in Sebring, Florida, USA to serve and support the needs of Tecnam North American based owners and operators.***
