### ‘FLYBYSCHOOL’ to add 3 more Tecnam aircraft to the fleet

Capua, Italy. Tecnam announced today that ‘FLYBYSCHOOL’, Spain’s leading General Aviation Flight Training Organisation has placed an order for an additional 3 Tecnam P2002JF. These will supplement their existing all Tecnam fleets of both P2002JF single engines aircraft and P2006T Twins.

Leon, Spain based ‘FLYBYSCHOOL’, is renowned for its all-inclusive integrated flight training program which include accommodation, meals, ground school and flight simulators.

Course duration is just 14 months, with students starting with ATPL Ground School, then go onto Visual Flight Rating (VFR), Instruments Flight Rating (IFR), and then completing a Multi-Engine and Multi Crew Cooperation module. Fees are approximately € 61.000.

The ‘FLYBYSCHOOL’, senior management team has extensive experience in airline management, training management and ab initio flight school leadership.

Alex ALVAREZ, FLYBYSCHOOL CEO, says: “We have chosen Tecnam for our fleet for its modern design and low operational costs. This means we can offer the latest technology to our students at a very reasonable hourly rate.”

Walter DA COSTA, Tecnam Global Sales and Marketing: “Tecnam confirms its worldwide leadership in General Aviation Training. Latest generation avionics allow student pilots to gain effective experience at low cost to complete a full training and progress very quickly into flying commercial aircraft.”

#### **About TECNAM “Quality Aircraft since 1948”**

*TECNAM traces its roots back to the activities of the Italian brothers Luigi and Giovanni Pascale, who developed and produced innovative aircraft soon after the end of WWII (1948) and have continued ever since to create original models that gained worldwide recognition under the name Partenavia. Established in March 1986, Costruzioni Aeronautiche TECNAM now operates in three production facilities. The Casoria facility is located adjacent to Naples Capodichino Airport. The Capua facility is located adjacent to the “Oreste Salomone” Airport. Recently a new facility was established in Sebring, Florida, USA to serve and support the needs of Tecnam North American based owners and operators.*
